

# Divorce Financial Planner

Click Here to Book Your Discovery Call

Lottie is an Award Winning Chartered Financial Planner & Resolution Accredited Divorce Specialist.

As the daughter of divorced parents, she has seen first-hand the emotional and financial challenges divorce creates (during and afterwards). As a result, she is on a mission to help people through this difficult time and avoid them making financial mistakes they live to regret!

## “ Client testimonial

"Lottie is very friendly and approachable as well as being very good at explaining finance in a way I could understand"

"I feel calmer now and understand better what my future position looks like and that I will be OK"

## How we can help you

There are four main areas where we can help you pre, during and post divorce...

1. Establishing what you need from the settlement: from a capital, income and retirement perspective
2. Modelling potential settlement scenarios via our Visualise your Future process so you have the confidence to make fully informed decisions about your financial future
3. Post settlement, we create a clear plan to help you achieve financial security for the rest of your life and then hold your hand on an ongoing basis.
4. Understanding an Actuary Report and helping you process any Pension Sharing Orders (as granted in a consent order)

We also help with the usual aspects that a Financial Planner would do such as all aspects of pensions, investments and protection.
